

## **TREE PLANTATION ACTIVITY**

**Thursday, September 17<sup>TH</sup>, 2020 AT 11:00 AM**

**VENUE:** CMS COLLEGE CAMPUS, MC-ROBERT GANJ, KANPUR

### **HIGHLIGHTS OF THE PROGRAM**

- Plantation
- Group Photographs

Trees are not only important they are essential for living. They provide us with life-giver oxygen, filter carbon dioxide, prevent soil erosion, maintain the ecological balance, and serve many other purposes. Also, they provide us food, wood, and many other useful things.

The College of Management Studies, Kanpur organized a tree plantation on the occasion of the 70th Birth Anniversary of Mr. Prime Minister Shri Narendra Damodar Das Modi on September 17, 2020.

Reiterating our commitment towards Environmental Protection as part of our “Organizational Social Responsibility” for green & clean India, Prof. (Dr.) Nandita Verma (Director-CMS) planted two Peepal Trees. She said it is fun planting small saplings and then watching them grow. No matter how many trees we plant, we cannot make up for the ones that are being felled for wood and paper. Further, she added, everyone should do plantation at least once every year.

On this occasion, all the faculty & staff members were present.

#### **Program Facilitators**

Dr. Govind Kumar, Assistant Professor
